» environmental insurance

We are...solutions for specialty risks. ASI was one of the pioneers in the environmental insurance industry and today, we boast more than 25 continuous years of providing environmental insurance coverages. Our experience and underwriting expertise is one of the main reasons that some of our insureds have been with us since the beginning! The benefit of doing business with ASI is that we have some of the most knowledgeable underwriters in the industry, offer specialized loss control programs and claims management services.

Overview

American Safety Insurance products are available nationwide on an admitted (American Safety Casualty Insurance Co.), non-admitted (American Safety Indemnity Co.) and risk retention group (American Safety RRG, Inc.) basis. All carriers are rated "A" Excellent by A.M. Best. For a more in-depth listing of preferred product classes and policy specifics, please visit our website at www.amsafety.com.

EnviroStar™

ASI's flagship product, EnviroStar, combines contractor's pollution liability with environmental consultant's professional liability and/or commercial general liability into one policy. Premiums begin at \$2,500 with self insured retention starting at \$2,500. Limits of up to \$11 million are available on a blanket or individual project basis. Defense is outside of the limits on the pollution and professional liability products.

Contractor's Pollution Liability, Environmental Consultant's Professional Liability, Commercial General Liability

The contractor's pollution liability and environmental consultant's professional liability policies can be written individually with or without commercial general liability, or together with or without commercial general liability. All policies have premiums beginning at \$2,500, with deductible plans starting at \$2,500. The policies have limits of up to \$11 million on a blanket basis or for individual projects.

Accounts with less than \$3 million in revenue are eligible for our ProStar Online Internet-based quoting and binding system.

Site Pollution Impairment Legal Liability (SPILL)™

This environmental impairment liability product for fixed-site exposures has flexible coverage options, allowing us to tailor the product to unique exposures. Premiums begin at \$5,000, with limits up to \$11 million on a blanket or individual project basis. It provides coverage against sudden, accidental and gradual pollution, and off- and on-site third party bodily injury, property damage and clean-up costs.

Programs for Niche Environmental Markets

Our environmental insurance unit can assist producers with setting up professional, general and pollution liability programs for groups of niche environmental businesses and associations. Successful programs have been created for dry cleaners, mold, radon remediation professionals and restoration contractors.

Products Pollution Liability

This product is a monoline contractor's pollution liability policy with the goods and products exclusion removed and the limited products pollution liability coverage endorsement added. For risks that manufacture environmental-related products and wish to have site pollution, GL premises, products liability and products pollution liability.
