

We are...solutions for specialty risks. ASI offers primary casualty coverage for products liability exposures, construction & contracting risks and non-habitational real estate.

## Policy Specifics

Limits up to \$2 million per occurrence/ \$2 million aggregate/ \$2 million completed operations are available on "A" IX rated, non-admitted American Safety Indemnity Co.

Premiums begin at \$7,500 for general liability and \$15,000 for construction-related classes.

Deductibles and SIRS begin at \$2,500. Claims made or occurrence forms are available. Coverage is not available in CT and OK.

## Optional Coverages

Individual policies can be tailored to specific exposures by adding LAE in addition to limit of liability, products/ completed operations, and up to 10 years prior work coverage (in some states).

Contractor's pollution liability is also available. This coverage is designed to insure general contractors and subcontractors against third party claims for bodily injury and property damage, as well as clean up costs resulting from pollution incidents arising from the operations or services performed by the policyholder.

## Submission Requirements

1. Completed and signed CGL application
2. Contractor's Supplemental Application (if necessary- available at [www.amsafety.com](http://www.amsafety.com))
3. Minimum of five years of currently valued loss runs.
